Dear Mr. Kaufman,

Since I've been health critic, I have been learning about environmental hypersensitivity. That learning has been encouraged by Chris Brown and others.

I'd like you to reassure me that, in the provincial psychiatric hospitals under your jurisdiction, psychiatrists and other professional staff are aware of the disease and have reassured themselves that none of the patients in their charge are really suffering from environmental hypersensitivity and not from mental disorders.

I look forward to hearing back from you on this matter.

Yours sincerely,

David Reville, M.P.P.  
Riverdale  
N.D.P. Health Critic
